Take Control: **Contec Can HELP**TM

Going that extra mile for your guests can help make “away-from-home” feel more like home. And ultimately, isn't that the true definition of hospitality? From guest rooms to restrooms and everywhere in-between, Contec has the tools you need to address all the challenges typical hospitality and lodging facilities face every day. Our portfolio of Premira[®] disposable mops, wipes and dusters plus a proprietary letter-coded HELP system will reduce staff stress and differentiate you from the property down the street. That's important because in a crowded industry, its not how many come in...it's how many come back! **Don't take chances. Take control (of guest perception)!**
