

Work *smarter...* not harder!

DO MORE...WITH LESS!

Contec's premier professional restoration and remediation products will save you time, reduce labor costs, and give you peace of mind.

- Clean 3-4 times **more quickly** than hand wiping using Contec's Laundry-Free™ Premira® microfiber mops and wipes
- Reduce liability by cleaning ceilings and walls **without a ladder**
- Clean baseboards with **less bending or squatting**
- Disposable like a Swiffer® mop but **picks up much more**
- Sponge pad is **more expedient** at applying cleaners and disinfectants
- Scrubbing pad removes smoke and nicotine residue with **less risk** to painted surfaces

Swiffer® is a registered trademark of Proctor & Gamble Corporation

MAKE THE 80/20 RULE WORK FOR YOUR BUSINESS

- **Maximize the labor** on each job—this usually accounts for 80% of costs
- **Minimize the time** to complete projects and start new jobs faster
- **Choose Contec products** for both cost savings and better results

Cleaning & Restoration Product Overview

PRMM0001

LAUNDRY-FREE™ PREMIRA® MICROFIBER PADS

Cleaning or remediation jobs that require a lot of wiping will go faster with Laundry-Free™ Premira®. It's ideal for applying cleaning solutions, disinfectants and sealants to floors and walls. Laundry-Free™ Premira® microfiber pads loosen and remove organic and chemical residue that causes failure to pass final clearance. On large surfaces, Laundry-Free™ Premira® pads can reduce clean up time by as much as 80%. They're also ideal for applications such as spreading densifier or sealants, biohazard remediation and meth residue removal.

FEATURES

- Easy-to-use microfiber pad grabs and carries away contamination
- Disposable microfiber pad spreads expensive chemical without waste
- Compatible with common disinfectants and cleaners, including quats, bleach, and peroxide-based formulas
- **PREMIRA® works with most existing mop hardware or with Contec's proprietary system (shown below)**

RE-1284F

SPORICIDIN® DISINFECTANT SOLUTION

Sporicidin® Disinfectant is a ready-to-use, broad spectrum disinfectant that kills mold, bacteria and viruses. It cleans, disinfects and deodorizes in one step. This EPA-registered disinfectant is ideal for cleaning and restoration applications such as mold, water, fire, and sewage remediation, and trauma clean up. The alcohol and bleach-free formula is safe for most PPE equipment.

AVAILABLE IN 32 OZ, 1 GALLON, AND 55-GALLON CONTAINERS

FEATURES

- EPA-registered bactericide, fungicide, virucide (both enveloped and non-enveloped viruses) and tuberculocide
- 100% OSHA Bloodborne Pathogen Standards compliant
- Disinfects, cleans and deodorizes
- Provides residual protection against odor-causing organisms

ENZ-3212

SPORICIDIN® ENZYME CLEANER CONCENTRATE

Sporicidin® Enzyme Cleaner Concentrate is a proprietary blend of plant enzyme extracts that start tackling the toughest soiling and contamination immediately upon application. It contains protease to digest and break down proteins, lipase to digest and emulsify fats and oils, and amylase to break down starches. The concentrated formula saves money by reducing cleaning chemical costs and labor. The 32 oz bottle of concentrate makes up to 16 gallons of solution, and the 55-gallon drum of concentrate makes up to 3,520 gallons of solution.

FEATURES

- Breaks down organic contamination such as blood, vomit, body fluids and slime
- Nearly neutral 7.5 pH is gentle on both natural and synthetic fibers
- Safe, non-toxic and environmentally friendly
- Economical – super concentrated!
