# ZeroGravity™ QuickChange Connectors

## Create new options with a quick change

The ZeroGravity™ QuickChange hardware by Contec Professional is a unique concept in cleaning. Paired with any of our incredibly lightweight aluminum mop handles, the QuickChange interchangeable connectors offer an ergonomically friendly alternative to traditional mops. Plus, they take up less storage space on carts or in storage closets.

### FEATURES

- 1 handle + 4 connectors = Simplified and standardized use
- Convenience and flexibility for a variety of surface applications.
- Quick and easy on-off buttons.
- Ergonomic grip helps reduce strain on staff.
- QuickChange heads help reduce supply costs and improve efficiency.

### MULTIPLE OPTIONS WITH LESS STRESS

#### Less storage involved

The multiple ZeroGravity™ QuickChange connectors offered as part of the ZeroGravity™ mop system allow users to create their own customized mop that fits their needs — without the problems of increased storage. Simply click the ZeroGravity™ QuickChange heads on and off a single handle to achieve the cleaning tool required.
