

Edgeless® Floor Mop

Polyester string mop

Edgeless® Mops are made from strong, durable knitted polyester, eliminating contamination from breakage and deterioration common with cotton and rayon string mops. Edgeless Mops are made from a continuous tube of 100% polyester knitted fabric looped to form mop strands that will not shed or break.

Patented Textured and Long Textured Edgeless Mops feature unique ribbed, twisted strands that are more sorbent than traditional string mops and have a textured head band that is ideal when additional abrasion is required.

Edgeless mops can be laundered or cleaned two additional times without significant impact on effectiveness.

Features	Benefits
Continuous loop of mop strands	<ul style="list-style-type: none"> • Provides improved cleanliness, eliminating cut edges • Unique ribbed and twisted strands provides greater sorbency than traditional string mops
Textured large head band	<ul style="list-style-type: none"> • Provides scrubbing power for difficult stains and debris • Durable and chemical resistant
Autoclavable	<ul style="list-style-type: none"> • Suitable for use in all areas
