

PREMIRA® II Microfiber HighDuster Covers

Disposable covers for high cleaning applications

Disposable Premira II Microfiber HighDuster Covers reduce fiber shedding and provide effective dry and damp dusting for hard to reach areas. The microfiber fabric offers excellent pickup power and is compliant with most cleaning protocols. Compatible with Contec's flexible foam Snake Duster. *US Patent Nos. 8,809,213; D67,513; 9,693,668; and 10,010,233.*

FEATURES

- Ideal for hard to reach areas
- Disposable, clinically superior alternative to standard dust wands
- Picks up and holds onto debris, rather than spreading it around
- Conformable flexible foam Snake Duster reduces operator strain
- Compatible with all QuickConnect™ Handles
